INTERREG 2014/2020

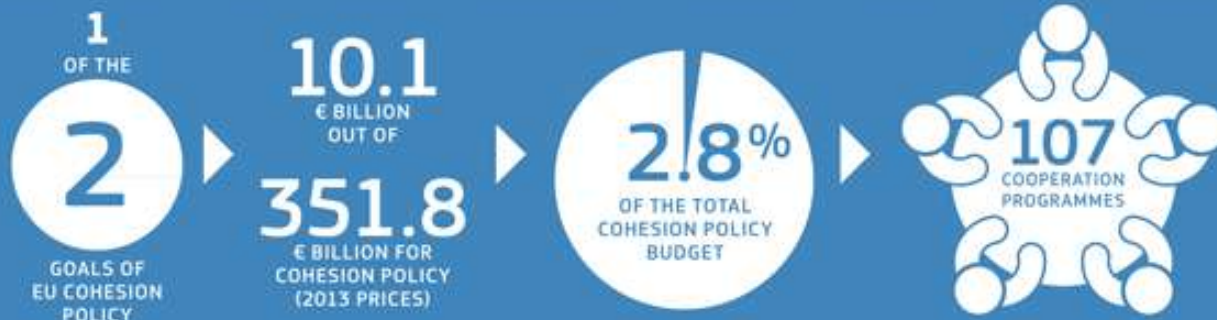

European Territorial Cooperation (ETC, including IPA and ENI components), better known as **Interreg**, is one of the two goals of **cohesion policy** 2014/2020 and provides a framework for the implementation of joint actions and policy exchanges between national, regional and local actors from different Member and Non Member States.

The overarching objective of INTERREG is **to promote a harmonious economic, social and territorial development of the Union as a whole.**

Interreg is built around three strands of cooperation: cross-border (Interreg A), transnational (Interreg B) and interregional (Interreg C).

ADRIATIC IONIAN MACROREGIONAL STRATEGY (EUSAIR)

A macro-region includes communities and regions from different countries **which have common or complementary assets, are facing common challenges and have common objectives.**

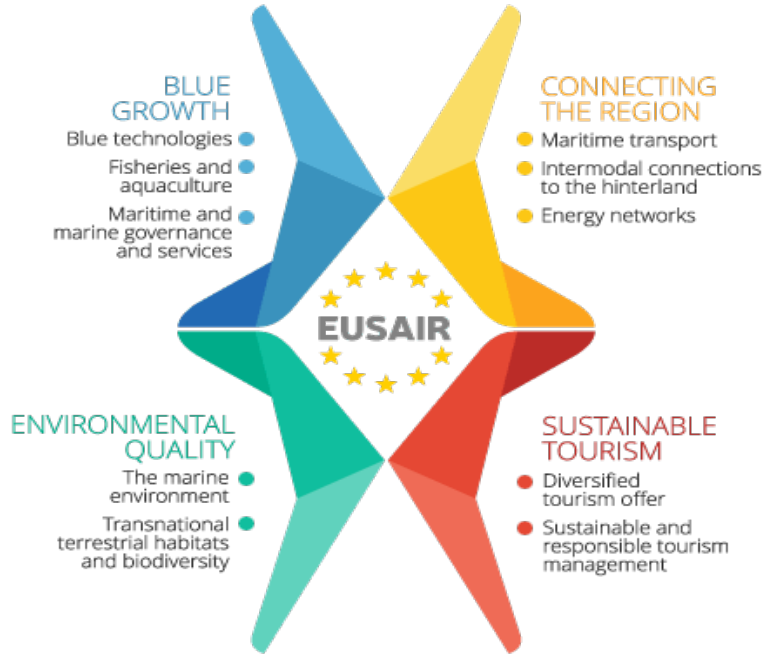

The EU Strategy for the Adriatic and Ionian Region (EUSAIR) is a macro-regional strategy adopted by the European Commission and endorsed by the European Council in 2014.

The EUSAIR will promote **economic growth and prosperity** in the Region by improving its **attractiveness, competitiveness and connectivity**. It also aims at **protecting the sea, coastal and inland environment and ecosystems**.

The Strategy aims at creating synergies and fostering coordination among all territories in the Adriatic-Ionian Region, supporting the EU pre-adhesion process of IPA Countries.
